### About the ISHA Annual Scientific Meeting

The Annual Scientific Meeting (ASM) is the flagship event of ISHA - The Hip Preservation Society, bringing together worldwide arthroscopic and open hip surgeons, hip preservationists, sports physicians and rehabilitation professionals to share the latest knowledge and experience in the field of hip preservation surgery, sports injury and rehabilitation.

### Programme Topics

Having a long history as a place of trade, the city of Fukuoka is the perfect place for the international hip preservation community to come together to exchange ideas and collaborate, in order to advance hip preservation worldwide. With that in mind, the theme of the ISHA 2025 Annual Scientific Meeting has been selected as: **"Elevating Hip Preservation Worldwide: Exchange, Engage, Excel"**.

More specifically, the scientific programme will focus around 6 key topics:

1. Basic Science/Cadaveric Studies
2. Extra Articular Conditions & Management
3. Post Operative Management & Rehabilitation Strategies
4. Technology Enhancing Outcomes/Research/Patient Education
5. Innovative Approaches: Techniques & Interventions
6. Clinical Outcomes Research

### Accommodation

A hotel booking service is provided by **Nippon Travel Agency (NTA) and HotelMap.com**. Preferential rates have been secured for attendees at a number of preferred hotels across different price points. A booking link is available via the meeting website.

### Registration

The local rate offers access to an international-calibre meeting at a price comparable to a local meeting. Delegates can register to attend one or more of the following Programme elements:
